

Stand alone ticketprinter

Automatic ticket printer for car parks

The standalone ticket unit allows for easy installation at the checkout or reception desk of your store. The system doesn't require a data cable; all it needs is electric power. With this printer you can print a ticket with a numeric code or barcode. This ticket can be used as an exit ticket in the Comfort Parking.

Validity of tickets:

- Algorithm 1 - Numeric Code: validity up to 4 hours
- Algorithm 2 - EAN 13 Barcode: validity up to 35 days
- Algorithm 3 - CODE128 Barcode: validity up to 35 days → QR code

Technical specifications

Dimensions (W x L x H)	145 x 200 x 145 mm
Power supply	24V DC/2,5A
Weight	2 kg
Paper width	80 mm
Printing speed	200 mm/sec
Memory chip	4MB
MTBF Cutter	+ 2.000.000 cuts
Power supply adaptor	230V
Operating environment	5° until 50°C / 10 - 80% relative humidity
Storage environment	-20° until +60°C / 10 - 90% relative humidity
Warranty	1 year
Reference	1-030602-0003-000-000-00
